

REMARKS

In the Office Action, claim 55-59 and 63-67 are rejected under 35 U.S.C. 102(e), as being anticipated by Hung (U.S. 2004/0218775). Claims 60-62 and 68-70 are rejected under 35 U.S.C. 103(a) as being unpatentable over Huang. Claims 1-6 and 16-18 are allowed.

In response thereto, claim 55 has been amended and claims 63-70 have been cancelled. Entering of the amendment and allowance of the pending claims are respectfully solicited.

Initially, it is noted with great appreciation that the Examiner considers the subject matter of claims 1-6 and 16-18 as being allowable over the art of record. In response thereto, independent claim 55 has been amended to depend on allowed claim 1, rendering the rejections of claim 55 moot, and placing this claim, and the claims dependent therefrom, in *prima facie* condition for allowance. In addition, rejected claims 63-70 are cancelled from the application, rendering the rejections thereof moot.

CONCLUSION

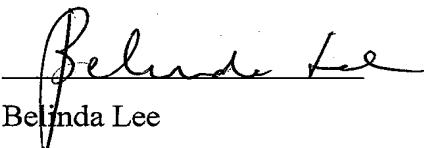

For at least the foregoing reasons, it is believed that the pending claims 1-6, 16-18, and 55-62 are in proper condition for allowance and an action to such effect is earnestly solicited. If the Examiner believes that a telephone conference would expedite the examination of the above-identified patent application, the Examiner is invited to call the undersigned.
